

Traveling Nitrogen

Name _____
 Date _____ Class _____

1. Fill out your start location in the space below.
2. Roll the die at your start location to find out where to go next. Write the "Where I'm going" and "How I'm getting there" information in the Trip #1 box (as in the example at the right).
3. Head to that location and stamp the Trip#1 box. Then, roll the die at that location to find out where to go next.

Trip#1: Where I'm going: Surface Water	How I'm getting there: Fertilizer washed into stream
	

Start Location: _____
